About MARUMAN

MARUMAN established itself over six decades ago as a leading producer and provider of the highest quality porcelain mosaic tiles in Japan and in just a few short years we are recreating our success in the global ceramic tiles market. Even as we transition to providing a wide selection of modern and fashionable in-house original tile designs, we continue to work with the local traditional manufactures of Kasahara and the surrounding towns, who, for nearly a century, have maintained the authentic way of Japanese tile production. We utilize the best mineral-rich local clays and glazes. Our meticulously crafted tiles showcase the timeless beauty of natural shade variations, authentically captured through traditional ceramic firing techniques.

At MARUMAN we specialize in custom colors and designs so your unique ideas and projects, big and small, can come to life. All of us at MARUMAN invite you to work with us to realize your most elegant, gorgeous and creative interior, exterior or pool designs and projects. Furthermore, we invite you to visit us in Tajimi, Japan and immerse yourself in a breathtaking world of tiles that is both deeply steeped in traditions and blossoming elegantly in the global field of interior and exterior design.
